

2024 Catalog

We been serving retailers for more than 40 years, and we want to continue our tradition of quality products and customer service in the wholesale home decor industry.

We take pride in our products. From the initial stages of design to our hand-picked collections, we only curate home decor items that will make memorable spaces. We offer a variety of styles for every room, taste, and occasion—farmhouse, boho, vintage, shabby chic, and even some contemporary pieces. We love unique items with tons of character, so many of our pieces are handmade and use recycled materials. We're all about presenting new ways of seeing and experiencing decor, and we hope you enjoy our products as much as we do.

We value our relationships with our retailers and we consider you our partner. Our goal is to empower your business in this changing retail environment. We know if you're successful, we're successful.
